Taddlewood Park Association
C/o Carol Ritchie

Dear Sirs and Madams:

It is with great pleasure that I take this opportunity to write and express my strongest support for the work done to date by the Taddlewood Park Association.

The Taddlewood Park Association must succeed in their goal of 100% park land at the site. Not only are the surrounding parks overused, but this particular site offers much in the way of historic significance to the community, a place for recreation, and environmental benefits. As a Member of Parliament, as a family physician and as a resident of the community of St. Paul's, I firmly support this project.

Your efforts to reestablish a park on the Wychwood TTC Carhouse site and retain the 1913 Carhouse are to be commended. You have worked very hard to obtain support from the various levels of government and the community and have been rewarded with an overwhelming endorsements of your efforts. I would like to add my support for the 100% park land scenario. Please do not hesitate to contact me if I may be of assistance in any way.

Sincerely,

Carolyn Bennett, MP
St. Paul's
